Save the Date!

3rd International Baltic Conference on Healthy Longevity
September 16-17 2025 | Riga, Latvia

The **Longevity Alliance Baltic (LAB)**, the **International Longevity Alliance (ILA)**, and the **Vetek (Seniority) Association** are proud to partner with **Kenes Exhibitions Group** to bring you the **3rd International Baltic Conference on Healthy Longevity** in the stunning city of Riga, Latvia.

This landmark event will unite **global longevity scientists and researchers, C-suite professionals, investors, policy-makers, industry pioneers, educators, and media professionals** to explore the latest innovations and opportunities in the dynamic field of healthy longevity.

Designed as a central hub for thought leadership, the conference will explore critical topics in **longevity science, technology, education, and practice**—from cutting-edge advancements in healthcare innovation to the economic, policy, and educational frameworks driving this transformative industry.

Riga, the vibrant capital of Latvia, stands as a gateway to the Baltic region—a rising hub in the global longevity ecosystem. With its commitment to fostering research, innovation, and collaboration, Riga offers an ideal backdrop for this pivotal discussion. The Baltic region is increasingly recognized as a powerhouse for interdisciplinary advancements in healthy longevity, making it the perfect venue to host this global dialogue.

Awaits you -

- **Inspiring Keynotes:** Gain insights from internationally renowned experts.
- **Thought-Provoking Panels:** Engage in meaningful discussions with leaders across sectors.
- **Global Networking:** Connect with peers and foster collaborations worldwide.
- **Innovative Solutions:** Discover best practices and success stories shaping the future of healthy longevity.

Let's drive the change, extend healthy lives. Join us in Riga to spotlight innovative strategies and strengthen the Baltic region's role as a thriving hub in the international longevity ecosystem.
